Dear Families

14/12/2021

If your children have mobile phones, or are perhaps receiving a phone for Christmas there is a brilliant book I have come across called 'online offline!' By Dr Sharie Coombes. It is an activity book for young people who want to lead a healthy digital life. Full of activities which cover areas such as Information sharing, cyberbullying, thinking about what you post online and what to do if you come across something that worries you.

The book is currently £7.99 on Amazon. I have attached an image of the front cover.

Can I just take this chance to remind families that we have information on our school website at <https://www.romanwayprimary.org/e-safety-1/> about E Safety and how to keep your children safe online.

Many thanks,

Miss Cohen
