

Being a Computing Learner at ROMAN WAY PRIMARY SCHOOL

I can understand what algorithms are and can design, write and debug programs.

I can use technology purposefully to create, organise, store, manipulate and retrieve digital content.

I can use logical reasoning to predict and explain how some simple algorithms work and to detect and correct errors.

I am a
Computing
learner when...

I can understand computer networks.

I can use technology safely and respectfully and responsibly.

I can recognise the common uses of information technology beyond school.

I can select, use and combine a variety of software on a range of digital devices.
